INTRODUCTION

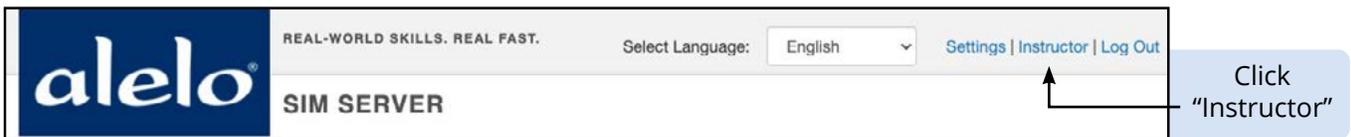

The Instructor Dashboard will let you keep track of all your students and their progress through the Enskill courses.

The courses available for your classes are set by your institution.

You will be sent an invitation to create an account on the Alelo Sim Server. Once you have completed the sign-up process, you will need to request instructor status from either your supervisor or from Alelo directly. Once you have instructor status, you will be able to log in to the Instructor Dashboard and create classes for your students.

FINDING THE INSTRUCTOR DASHBOARD

The link to the Instructor Dashboard is at the top right of the screen next to **Log Out**. Click **Instructor** to open the Instructor Dashboard.

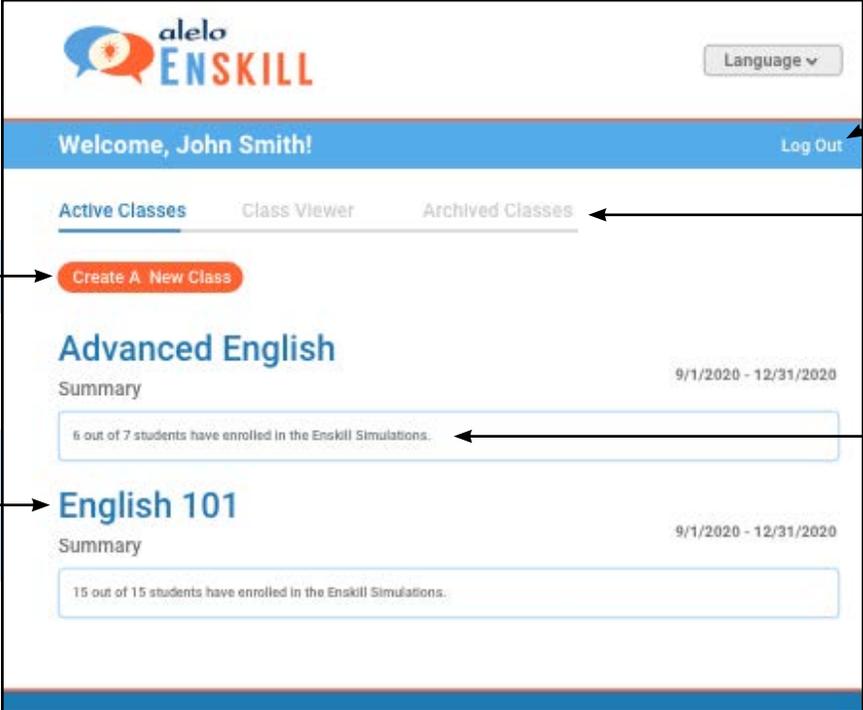

THE INSTRUCTOR DASHBOARD

The Instructor Dashboard contains information on your existing classes (if any) and the ability to create new classes and edit existing ones.

Here is a breakdown of the main onscreen functions for this screen.

The screenshot shows the alelo ENSKILL dashboard. At the top left is the logo, and at the top right is a 'Language' dropdown menu. Below the logo is a blue header bar with 'Welcome, John Smith!' and a 'Log Out' button. Underneath are three tabs: 'Active Classes', 'Class Viewer', and 'Archived Classes'. A red button labeled 'Create A New Class' is positioned below the tabs. The main content area displays two class cards. The first card is for 'Advanced English' with a summary box stating '6 out of 7 students have enrolled in the Enskill Simulations.' The second card is for 'English 101' with a summary box stating '15 out of 15 students have enrolled in the Enskill Simulations.'

Return to main screen.

These tabs show your active classes, details of a specific class, and archived classes.

Create a new class.

Clicking on a name will take you to the Class Viewer for that class.

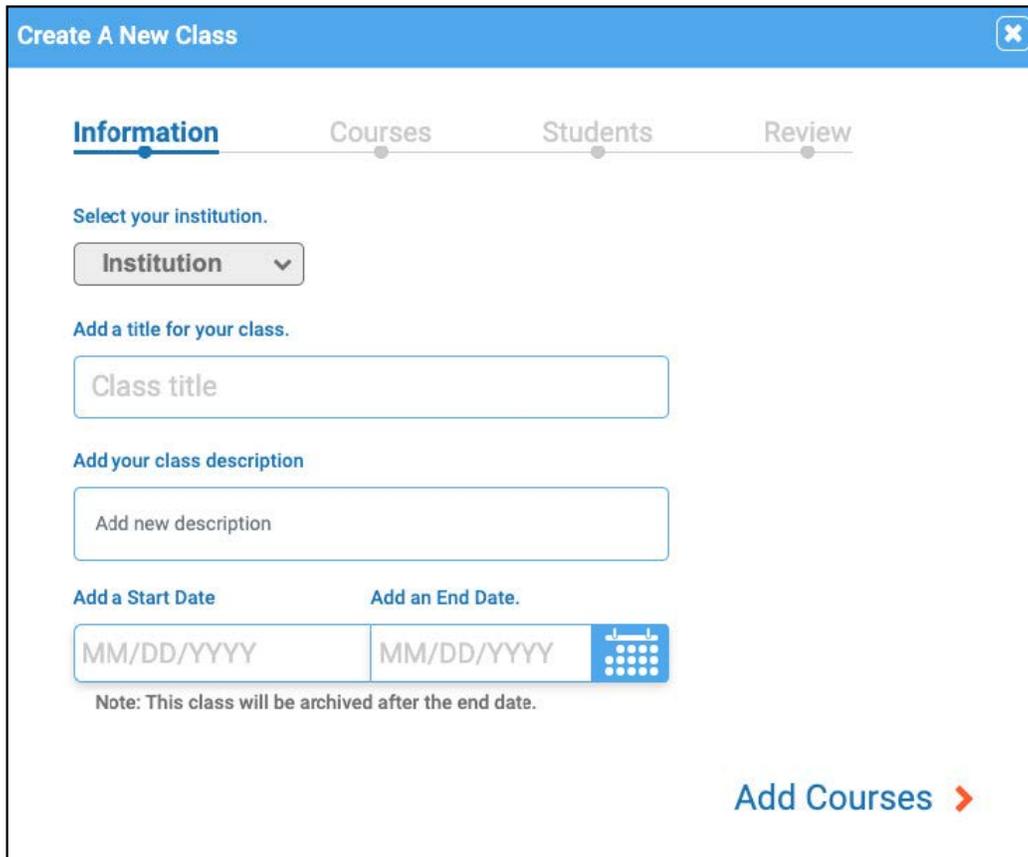

Details here shows how many students have enrolled.

CREATING YOUR CLASS

Click **Create a New Class** to create a new class.

You will be guided through a series of steps (i.e.: Information, Courses, Students, and Review) to build your class and invite students.

INFORMATION

The screenshot shows a web interface for creating a new class. At the top, there is a blue header bar with the text "Create A New Class" and a close button (X). Below the header, there are four tabs: "Information" (selected), "Courses", "Students", and "Review". The "Information" tab contains the following fields:

- Select your institution.** A dropdown menu labeled "Institution" with a downward arrow.
- Add a title for your class.** A text input field with the placeholder "Class title".
- Add your class description** A larger text input field with the placeholder "Add new description".
- Add a Start Date** and **Add an End Date.** Two date input fields, each with the placeholder "MM/DD/YYYY". The second field has a calendar icon to its right.

Below the date fields, there is a note: "Note: This class will be archived after the end date." At the bottom right of the form, there is a blue button labeled "Add Courses" with a right-pointing arrow.

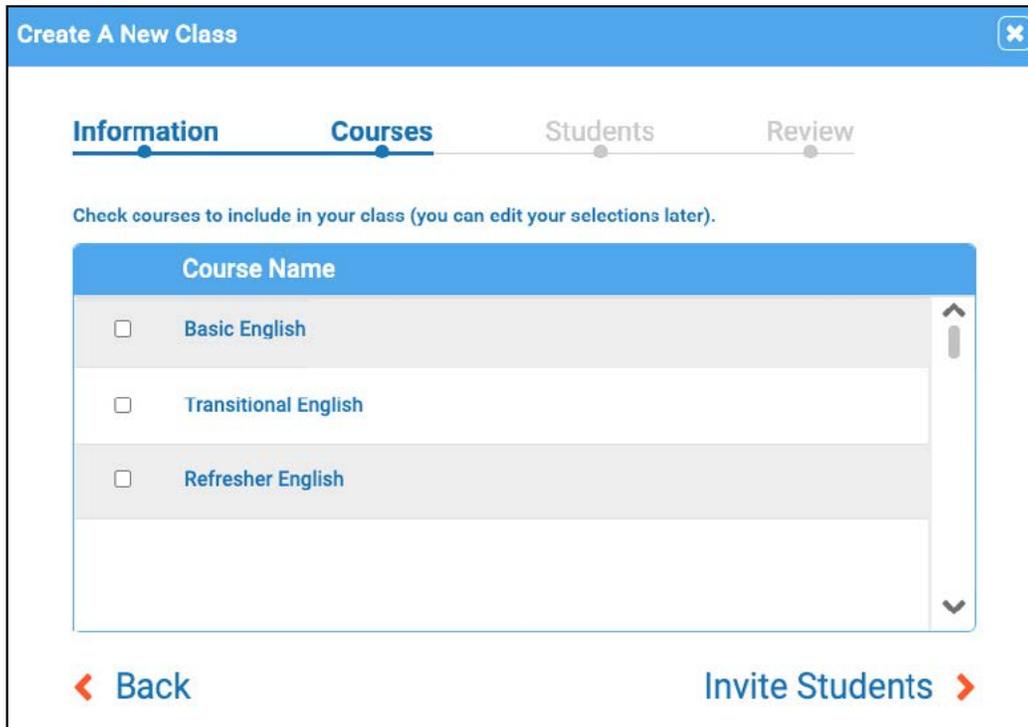

Information allows you to enter the basic information for your class:

- **Institution.** Select your institution.
- **Title.** Create a title for your students to find the class.
- **Description.** The description of your class will be included in the email invitation to your students. Refer to page 14 for examples of the students' invitation and sign-up experience.
- **Start/End Date.** Once a class reaches its end date, students will no longer have access and it will be moved to the archive section.

All information is required.

Once you have entered all information, click **Add Courses**.

ADD COURSES

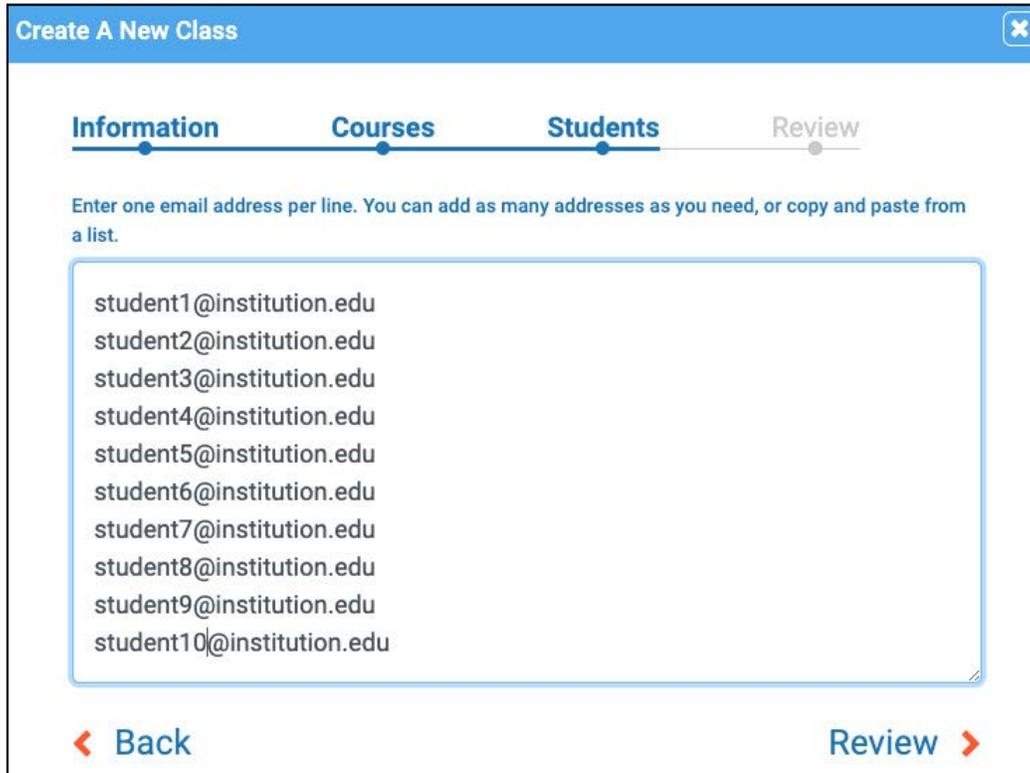

The screenshot shows a web interface titled "Create A New Class" with a close button in the top right. Below the title is a progress bar with four tabs: "Information", "Courses", "Students", and "Review". The "Courses" tab is currently selected. Below the tabs, there is a text prompt: "Check courses to include in your class (you can edit your selections later)." Underneath this is a scrollable list of course options. The list has a blue header "Course Name" and contains three items, each with a checkbox and a course name: "Basic English", "Transitional English", and "Refresher English". At the bottom of the interface, there are two buttons: "Back" with a left-pointing arrow and "Invite Students" with a right-pointing arrow.

Course Name
<input type="checkbox"/> Basic English
<input type="checkbox"/> Transitional English
<input type="checkbox"/> Refresher English

The Courses tab will list the available courses. Check the box next to each course that you need to include for your class.

Once you have selected your courses, click **Invite Students**.

CLASS VIEWER

Immediately after creating a new class, you will be taken to the Class Viewer screen. You can also click the class name in Active Classes to reach this screen at any time.

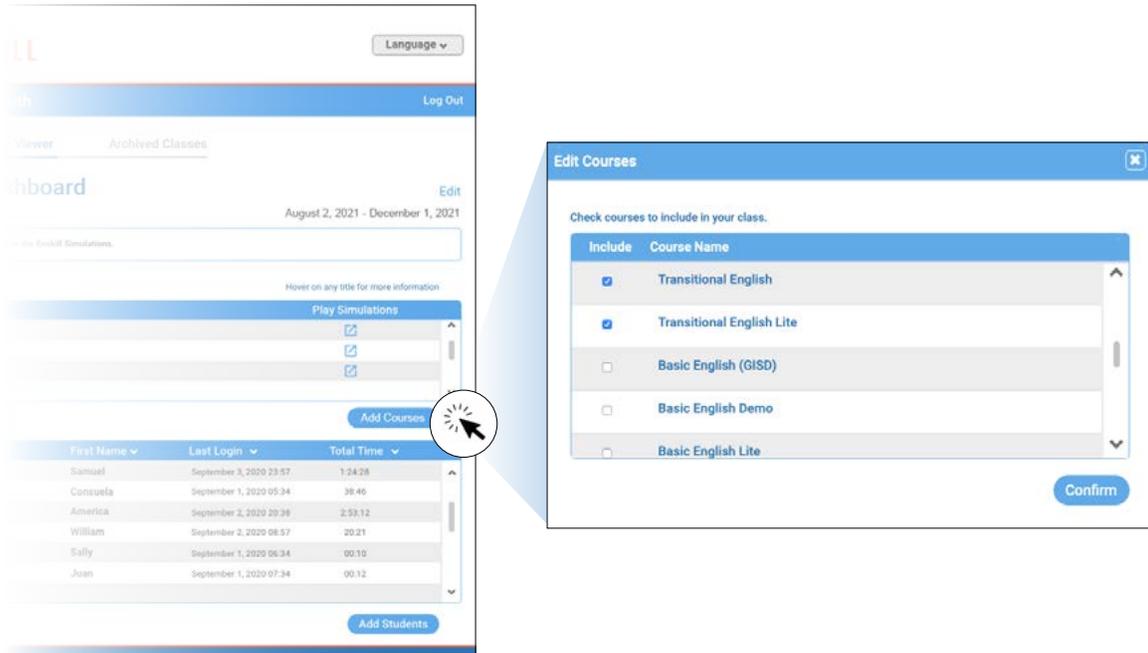

The screenshot shows the 'Instructor Dashboard' for a class. The interface includes a header with the user's name 'John Smith' and a 'Log Out' button. Below the header are tabs for 'Class List', 'Class Viewer', and 'Archived Classes'. The main content area is titled 'Instructor Dashboard' and includes an 'Edit' link. A summary box shows '6 out of 7 students have enrolled in the Enskill Simulations.' Below this is a 'Courses' section with a table of course names and 'Play Simulations' checkboxes. A 'Student List' section includes a 'Download' link and a table of student names, last names, first names, last login times, and total time spent. At the bottom, there are buttons for 'Delete Your Class' and 'Add Students'. Callouts on the right side of the screenshot explain the 'Edit' link, 'Add Courses' button, and 'Add Students' button. Callouts on the left side explain the 'Courses' table and 'Student List' table.

Click on any simulation to reveal further details.

- **Mastery Score.** A measure of accuracy and fluency. Scores are rated from 0% (neither accurate nor fluent) to 100% or higher (very accurate and fluent). The score is calculated based on the number of recorded answers, the time taken, and the objectives completed.
- **Objectives Met.** The number of completed objectives versus the total number of objectives in the simulation.
- **Turns per Minute.** The number of speaking turns per minute. That is to say, how often the student recorded answers.
- **Hints Used.** The number of times the student opened the Transcript or suggested utterances in Directions.
- **Time Spent.** The total time spent within the simulation from start to completion.

Note: Metrics will vary depending on the features of the product. Not all metrics will be available for all products. If a metric is not available, the value will appear as 0.

Download Button

Click here to download the details of your class.

Click the **Download** button above the Student List to download a file of all the students in your class and the complete details of their actions within each course. This report will be emailed to you.

The report has two tabs: summary and details. These tabs correspond to the screens in the Instructor Dashboard with a summary for the class as a whole and then details on attempts for each simulation.

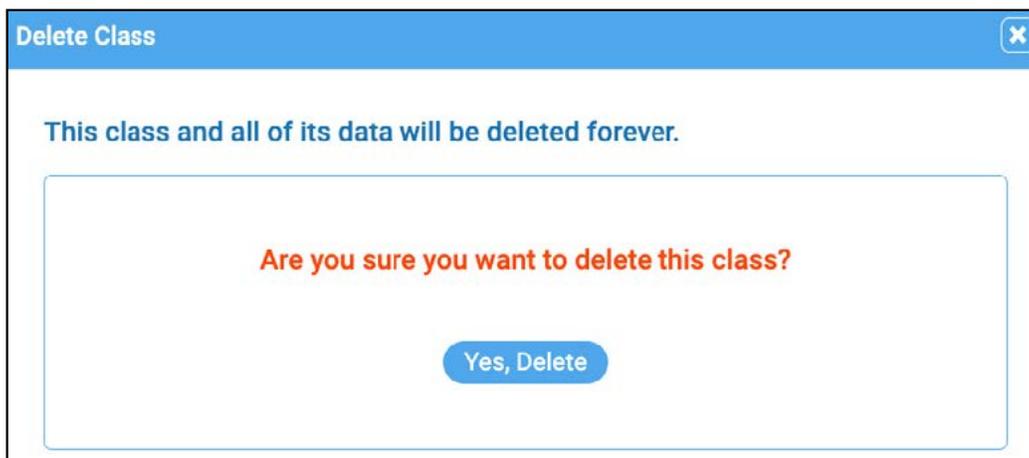

Delete Your Class

Click here to delete your class.

Your class will automatically archive when it reaches its end date. You can access all archived classes by clicking on the Archived Classes tab. If you need to remove a class sooner, click the **Delete Your Class** button.

You will be asked to confirm your decision since the class and its data will be deleted forever. If you are certain, click the **Yes, Delete** button.

Archived Classes

Once a class reaches its end date, it will be placed in Archived Class. Archived classes can be viewed but no longer edited.

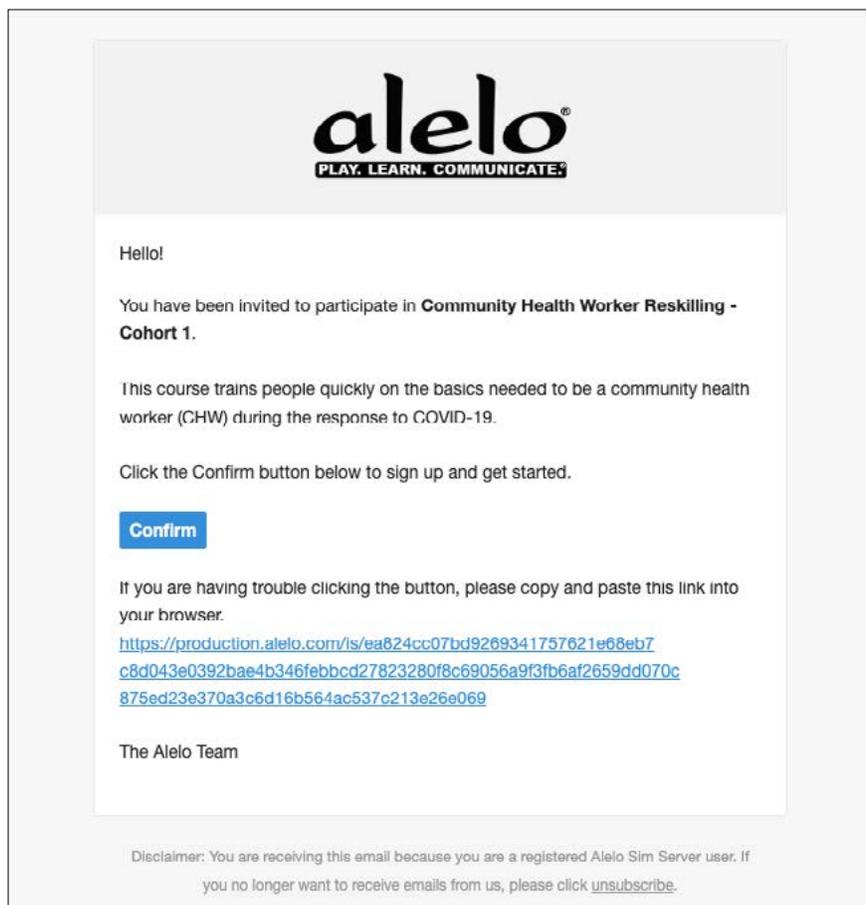

INVITING STUDENTS TO JOIN

Students will receive your invitation to the class in their email (see screenshots below). Remind your students to check their spam folders and that they need to use a valid email address to sign up.

Once they have clicked the **Confirm** button in the email and created their own account, they will be able to take any of the courses in your class and you will be able to see the details of their progress in the Instructor Dashboard.
