INTRODUCTION

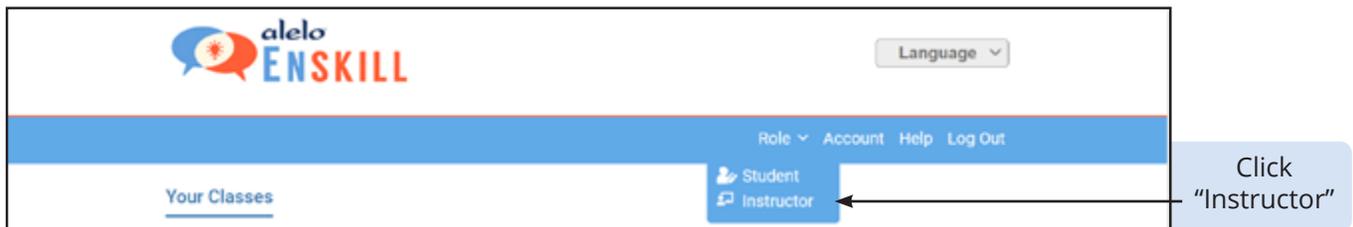

The Instructor Dashboard will let you keep track of all your students and their progress through the Enskill courses.

The courses available for your classes are set by your institution.

You will be sent an invitation to create an account on the Alelo Sim Server. Once you have completed the sign-up process, you will need to request instructor status from either your supervisor or from Alelo directly. Once you have instructor status, you will be able to log in to the Instructor Dashboard and create classes for your students.

FINDING THE INSTRUCTOR DASHBOARD

The link to the Instructor Dashboard is at the top right of the screen next to **Account**. Select **Role > Instructor** to open the Instructor Dashboard.

THE INSTRUCTOR DASHBOARD

The Instructor Dashboard contains information on your existing classes (if any) and the ability to create new classes and edit existing ones.

Here is a breakdown of the main onscreen functions for this screen.

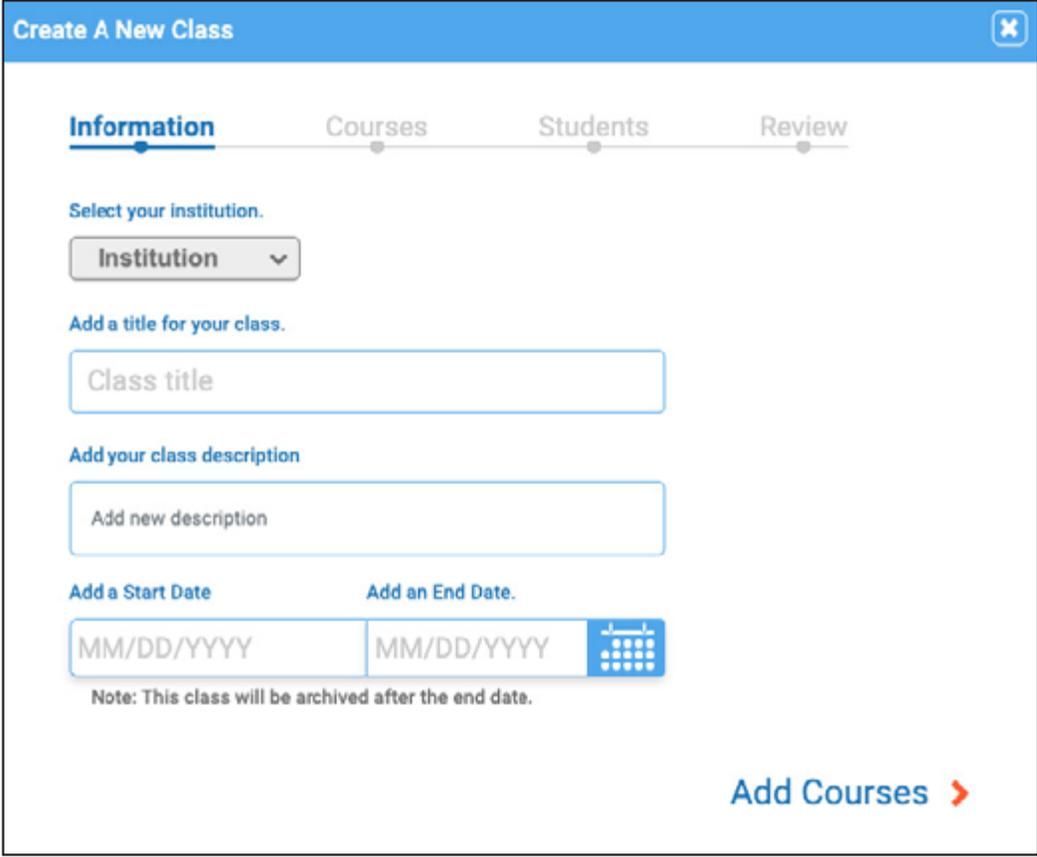

The screenshot shows the main dashboard for a user named John Smith. At the top, there is a navigation bar with the alelo ENSKILL logo, a 'Language' dropdown menu, and a 'Log Out' button. Below the navigation bar, there are three tabs: 'Active Classes', 'Class Viewer', and 'Archived Classes'. A callout box points to the 'Create A New Class' button, stating 'Create a new class.' Another callout box points to the 'English 101' class name, stating 'Clicking on a name will take you to the Class Viewer for that class.' A third callout box points to the 'Log Out' button, stating 'Return to main screen.' A fourth callout box points to the 'Active Classes' tab, stating 'These tabs show your active classes, details of a specific class, and archived classes.' A fifth callout box points to the enrollment summary for 'Advanced English', stating 'Details here shows how many students have enrolled.' The enrollment summary for 'Advanced English' shows '6 out of 7 students have enrolled in the Enskill Simulations.' The enrollment summary for 'English 101' shows '15 out of 15 students have enrolled in the Enskill Simulations.'

CREATING YOUR CLASS

Click **Create a New Class** to create a new class.

You will be guided through a series of steps (i.e.: Information, Courses, Students, and Review) to build your class and invite students.

INFORMATION

The screenshot shows a web form titled "Create A New Class" with a close button in the top right corner. The form has four tabs: "Information" (selected), "Courses", "Students", and "Review". Below the tabs, there are four sections: "Select your institution." with a dropdown menu labeled "Institution"; "Add a title for your class." with a text input field labeled "Class title"; "Add your class description" with a text input field labeled "Add new description"; and "Add a Start Date" and "Add an End Date." with two date input fields labeled "MM/DD/YYYY" and a calendar icon. A note below the date fields states: "Note: This class will be archived after the end date." At the bottom right, there is a blue button labeled "Add Courses" with a right-pointing arrow.

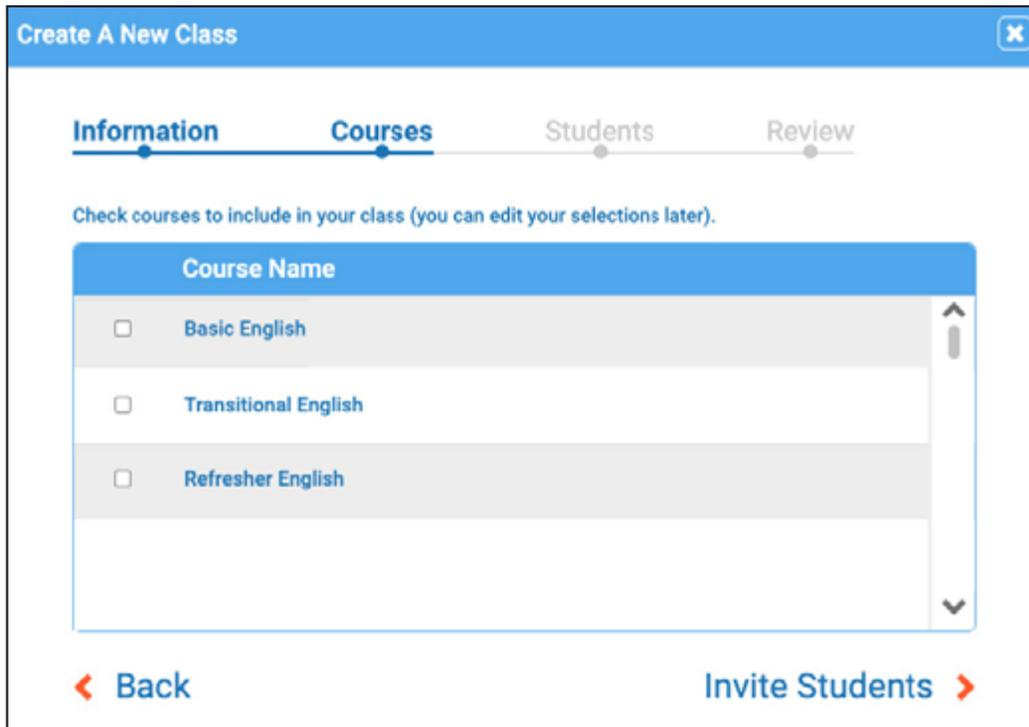

Information allows you to enter the basic information for your class:

- **Institution.** Select your institution.
- **Title.** Create a title for your students to find the class.
- **Description.** The description of your class will be included in the email invitation to your students. Refer to page 14 for examples of the students' invitation and sign-up experience.
- **Start/End Date.** Once a class reaches its end date, students will no longer have access and it will be moved to the archive section.

All information is required.

Once you have entered all information, click **Add Courses**.

ADD COURSES

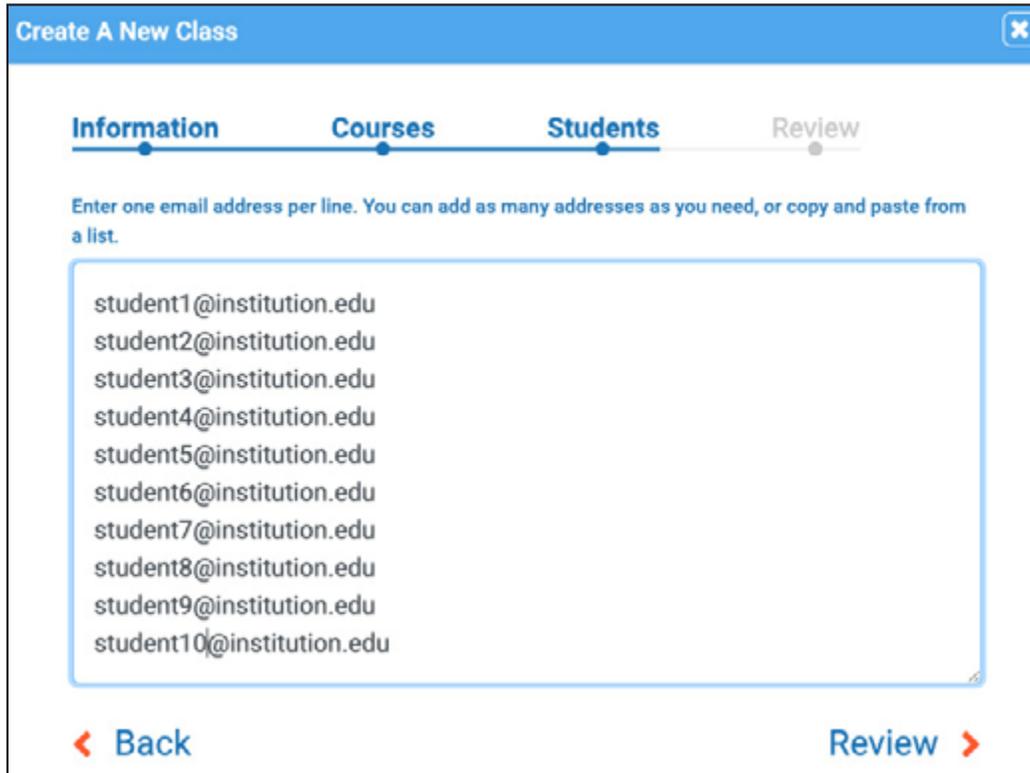

The screenshot shows a web interface titled "Create A New Class" with a close button in the top right. Below the title is a progress bar with four tabs: "Information", "Courses", "Students", and "Review". The "Courses" tab is currently selected. Below the tabs, there is a text prompt: "Check courses to include in your class (you can edit your selections later)." Underneath this is a scrollable list of course options. The list has a blue header "Course Name" and contains three items, each with an unchecked checkbox: "Basic English", "Transitional English", and "Refresher English". At the bottom of the interface, there are two buttons: "Back" with a left-pointing arrow and "Invite Students" with a right-pointing arrow.

The Courses tab will list the available courses. Check the box next to each course that you need to include for your class.

Once you have selected your courses, click **Invite Students**.

Click on any simulation to reveal further details.

- **Mastery Score.** A measure of accuracy and fluency. Scores are rated from 0% (neither accurate nor fluent) to 100% or higher (very accurate and fluent). The score is calculated based on the number of recorded answers, the time taken, and the objectives completed.
- **Objectives Met.** The number of completed objectives versus the total number of objectives in the simulation.
- **Turns per Minute.** The number of speaking turns per minute. That is to say, how often the student recorded answers.
- **Hints Used.** The number of times the student opened the Transcript or suggested utterances in Directions.
- **Time Spent.** The total time spent within the simulation from start to completion.

Note: Metrics will vary depending on the features of the product. Not all metrics will be available for all products. If a metric is not available, the value will appear as 0.

Download Button

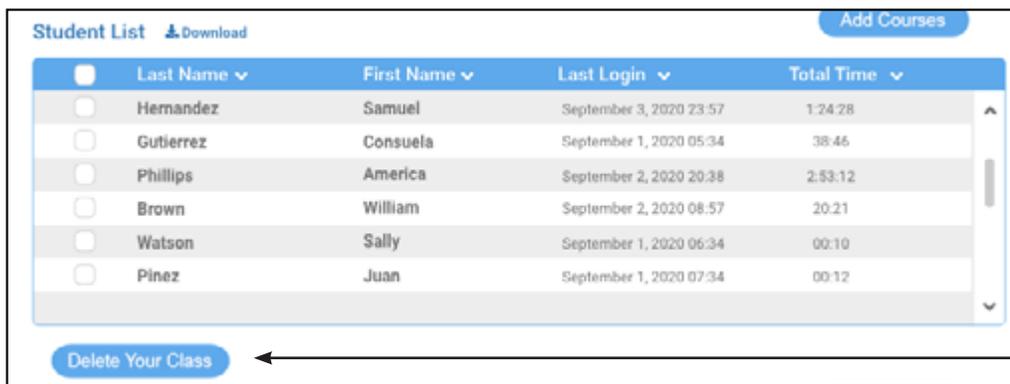

Click here to download the details of your class.

Click the **Download** button above the Student List to download a file of all the students in your class and the complete details of their actions within each course. This report will be emailed to you.

The report has two tabs: summary and details. These tabs correspond to the screens in the Instructor Dashboard with a summary for the class as a whole and then details on attempts for each simulation.

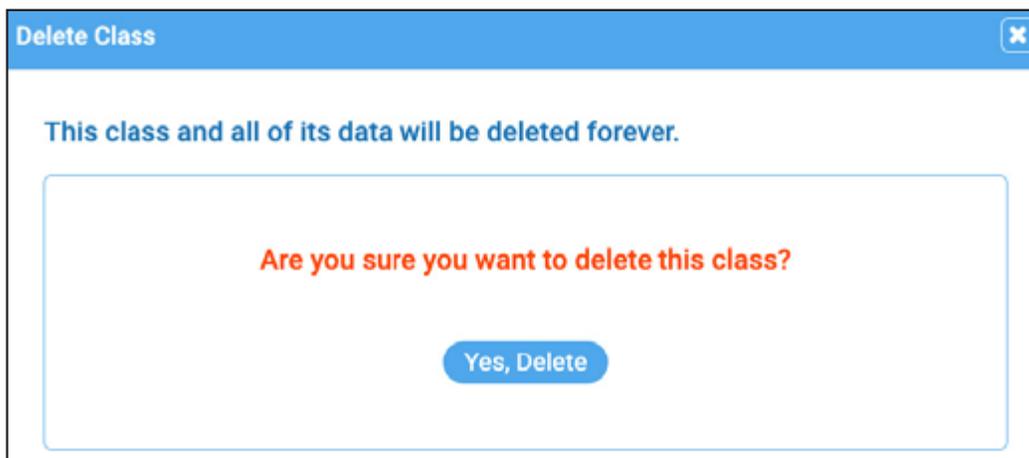

Delete Your Class

Click here to delete your class.

Your class will automatically archive when it reaches its end date. You can access all archived classes by clicking on the Archived Classes tab. If you need to remove a class sooner, click the **Delete Your Class** button.

You will be asked to confirm your decision since the class and its data will be deleted forever. If you are certain, click the **Yes, Delete** button.

Archived Classes

Once a class reaches its end date, it will be placed in Archived Class. Archived classes can be viewed but no longer edited.

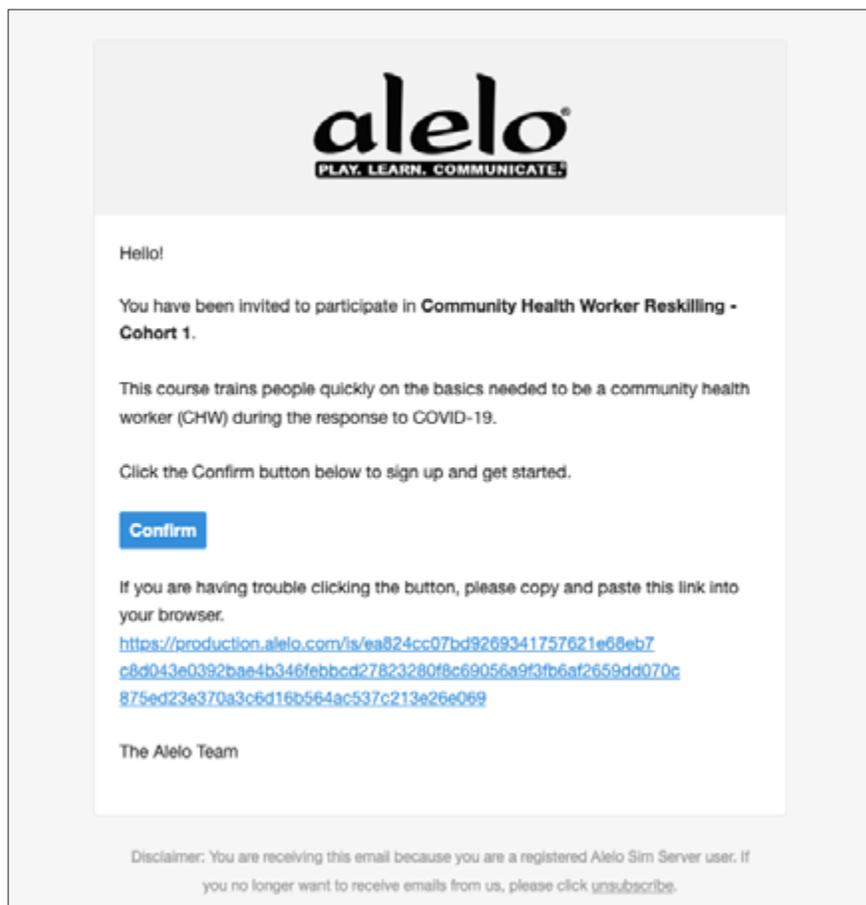

INVITING STUDENTS TO JOIN

Students will receive your invitation to the class in their email (see screenshots below). Remind your students to check their spam folders and that they need to use a valid email address to sign up.

Once they have clicked the **Confirm** button in the email and created their own account, they will be able to take any of the courses in your class and you will be able to see the details of their progress in the Instructor Dashboard.
